WINDOW GLASS AGREEMENT.

Jobbers Promise to Take the Entire Output-No Price Cutting.

PITTSBURG, November 13.-After hree days' conference between member of the Window Glass Jobbers' Associa tion, an agreement was reached yester-day. Subject to rathication by the man-ufacturers who are acting in unison in trade matters, the Jobbers' association made a proposition to the manufacturing ompanies to take the entire output of glass made by them during the current fire. This proposition will doubtless be ratified by the Manufacturers' associa-

of the proposal.

The significance of this action is that there will be no further slashing of prices, nor will the independent manu-facturing concerns antagonize the ar-rangement, having pledged themselves to co-operate in the matter of prices.

The Return Fire was so Effective that Ten Rebels Were Killed by One Shot.

PANAMA, November 13.-The first American casualties as a result of the revolution occurred Tuesday. The Colomrevolution occurred Tuesday. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. The government, warships headed for the place, and on arrival there the Bogota, formerly the Jessie Manning, manned by an American crew, commanded by Captain Marmaduke, lowered two boats with armed men, but as the schooners were aground, they waited until high tide to attack them. In the meanwhile the revolutionists were discovered in ambush close to the beach and when the Bogota's boats pulled ahead the second time, the rebels opened fire on them, killing the ship's armorer, Richard Kane, of Washington, and wounding Gen. Walker, who was shot through the legs.
